

# Dump Starmer to defend Palestine!

You can't support Palestine and support Keir Starmer. That's simple enough....

Yet, many speakers at the pro-Palestinian demonstrations don't get it. Zarah Sultana and John McDonnell want him to be prime minister. Union leaders speak of "peace" but give millions to his campaign. This makes no sense.

We obviously can't fight for Palestinian freedom with the Tories. It is no different with the supporters of Starmer. We must march separately!

Whatever our differences, let's at least unite under the banner:  
*Dump Starmer to defend Palestine!*
